Members Absent: William Hahne; E. Montes de Oca; and Madeleine Romanello

Dear Honorable Mayor and City Commission:

The Transportation, Parking and Bicycle-Pedestrian Facilities Committee met on July 6th and held several discussions, which produced some recommendations and an approved motion that are included below.

The Committee recommends that more flexible design of structures for bus shelters be considered, to include LED display to show times of bus arrival/countdown.

Motion was passed regarding City petitioning County to change the A Bus Route to connect to the Mid-Beach Trolley.

The Committee strongly recommends that the City send letter to the County regarding DOT's denial to have emergency openings on the causeway, as this is an unsafe condition.

As an advisory Committee, we would greatly appreciate your consideration on the above matters.

Sincerely,

Transportation, Parking & Bicycle-Pedestrian Facilities Committee
